

It's All About **self**

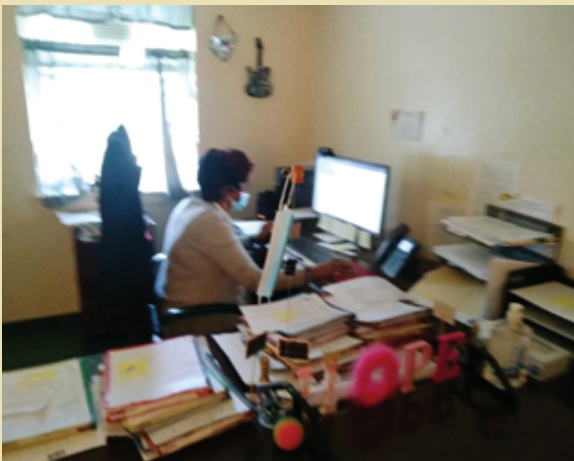

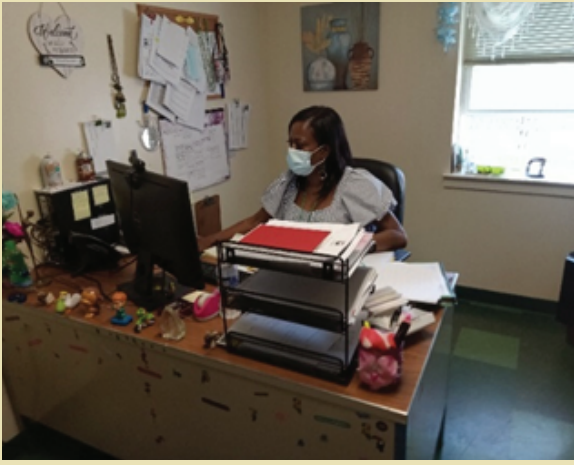

JUNE - JULY 2023

Outley House TEAM BUILDING WORKSHOP

Even though this was a fun-filled activity it actually allowed some of the participants to realize untapped skills, potential and qualities.

There were 4 or 5 teams, someone from each team took on the role of the leader, quality control, designer and time manager.

You can just call them
CASE MANAGERS

Because
LIFE CHANGER
Is not an official job title

THE PEOPLE
REPRESENTED ON THIS
PAGE ARE DEEPLY
SUPPORTIVE AGENTS OF
CHANGE ARMED WITH
TOOLS TO SOLVE SOME
OF OUR COMMUNITIES
SEVEREST PROBLEMS.
THEY FACILITATE,
ADVOCATE, CELEBRATE,
AND PARTICIPATE IN THE
BETTERMENT OF THOSE
IN THEIR CHARGE.

They are the Outley
Life Changers!!!

On Fridays between 3pm and 3:30 pm, Outley House Case Managers take time to REJUVENATE as they check in for

Mental Health Moments

**SOMETIMES
WE JUST
WANNA**

HAVE FUN!

YOU MIGHT BE AN **(OH) Outley House**
CASE MANAGER

If going to the Poppy store to order a cheesesteak for lunch turns into a whole crisis intervention meeting with a participant,
YOU MIGHT BE AN OH CASE MANAGER

If you find yourself getting more excited than your participant about their getting picked up for housing,
YOU MIGHT BE AN OH CASE MANAGER

If your participant gets upset with you and gives you a few choice words before storming out of your office; but he sees someone else coming up against you and they quickly come to your defense,
YOU JUST MIGHT BE AN OH CASE MANAGER

If your wife is dropping you off for work and you're in the middle of kissing her goodbye when you hear a banging on the car window and you turn around and see a face with a moving mouth asking "can I see you real quick when you're done?",
YOU MIGHT BE AN OH CASE MANAGER

If you have 28 participants and ask them "What is your housing plan?" and 27 of them say..."I'm waiting for my housing voucher,"
YOU JUST MIGHT BE A OH CASE MANAGER

If the mother of a former participant calls you up asking if you can bail her son out of jail,
YOU MIGHT BE AN OH CASE MANAGER

If you are at work and consider doing one task at a time a mental health break,
YOU MIGHT JUST BE AN OH CASE MANAGER

If a participant comes to you in despair, tore up from the floor up, lost and hopeless but leaves your office with a pep in their step, inspired and equipped with resources that can result in some major change,
YOU JUST MIGHT BE AN OH CASE MANAGER

If you dealt with 2 crises, one discharge and someone having a meltdown and it's not even lunch time and your coworker asks if you're okay,
YOU MIGHT BE AN OH CASEMANAGER

If you find yourself daily, running up and down stairs; around and about the building to the point that it's tantamount to a full exercise workout at the gym,
YOU MIGHT BE AN OH CASE MANAGER

If at the end of the week you're driving home with the comfort of knowing; even though the week had been challenging, without a doubt that you know you were instrumental in changing at least one person's life for the better,
YOU JUST MIGHT BE AN OH CASE MANAGER

YOUR CHOICE...

A Bad Day of Fishing or a Good Day at

NUAD (Neighborhood United Against Violence), one of Outley's In-House Programs, sponsored a fishing trip at Bartram's Garden for the participants chaperoned by a few staff members. This is one of the tailored activities that help participants reduce stress and/or anger.

Outley House

PROUD ALUMNI

JULIUS JONES

Speaking with Julius Jones regarding how he felt after completing the SELF Mobility Program at Outley House, he stated that he felt proud when graduating and that the program gave him the motivation to be somebody again. Somebody that he never thought he could be before he came to Outley House.

Not only did Mr. Jones complete the program but he soon gained employment with SELF Inc. as a participant advocate. He states that when he found out that he was going to get the job and actually began to work he felt amazing to have had a 2nd chance to get back into the workforce.

Mr. Jones is now in stable housing and he thanks Ms. McKoy and Ms. Gray for encouraging him because he knows now that he got the place, they instilled in him the importance of maintaining the place. He is a happy camper!!!

CHRISTOPHER BROWN

He was glad that he did the classes at SELF mobility and completed the class. Without this class he feels like there would be no him.

Oh well, he felt that it would never happen. When he got the job he said that he had never been this happy in his entire life.

To be out of Outley and not have to be searched was great. He states that it took a long time but he did it. Now I'm a stable hard working man.

NEWS PRESS CONFERENCE @ MICHAEL HINSON RESOURCE CENTER (MHRC)

Thursday, June 8

SELF Inc.'s Chief Operating Officer Dr. Shirlana Dash welcomed members of 27 community and grassroots organizations to the Michael Hinson Resource Center on June 8 as they received a portion of \$1.9 million in grants to lead addiction prevention and treatment services in areas hit hardest by the opioid epidemic. Some organizations, including the Homeless Advocacy Project for the "Legal Clinic at the Michael Hinson Resource Center, will receive \$100,000 program grants through the city's Overdose Prevention and Community Healing Fund to expand or launch new programs on harm reduction, treatment services, education efforts, youth, homelessness support, trauma care, housing, legal aid, and more. The awards are part of the settlement money won in national lawsuits against major opioid manufacturers and distributors, which were accused of fueling the opioid epidemic.

SELF Inc.'s Chief Operating Officer Dr. Shirlana Dash welcomes guests, participants, grantees and city officials (including Noelle Foizen)

Tanya Rambert, executive director of the Homeless Advocacy Project

Dr. Shirlana Dash and Mayor Jim Kenney pose with grantees at the Michael Hinson Resource Center on June 8 for the announcement of \$1.9 million in grants to lead addiction prevention services.

Mayor Jim Kenney, Tanya Rambert, executive director of the Homeless Advocacy Project that partners with the MHRC, noted the importance of the legal clinics for the homeless population. "In many cases, clients have more than one critical issue to be addressed," she said. "With a serious mental illness accompanied by substance use disorders, connecting clients to treatment and support services is frequently a key component of HAP's legal representation."

Human Resources

CORNER

Congratulations to everyone on a successful transition to Paycom!
